DANCING RECITAL DRAWS GOOD HOUSE IN CARBON

The dancing recital that was held in the Farmers Exchange hall on Thursday evening was well attended and the numbers went over exceptionally well, especially those of the younger folks. Mr. Braisher acted as the chairman throughout the evening and Mrs. Barr as accompanist, while the Beckers 5-piece orchestra furnished music for the occasion and also for the dance afterwards. The following is a list of the numbers on the program and of those taking part:

Irish Jig—Myrtle Oliphant and Geraldine McGregor.

The Frolic—Annie MacDonald and Molly Laing.

The Coquette—Marion Torrance.

Bathing Belles—Myrtle Oliphant, Geraldine McGregor, Joyce Laing and Iris Laing.

The Basket of Flowers—Betty McQuade.

Spanish Dance—Edythe Braisher and Irene Nash.

Spanish Tango—Miss G. Smith.

Recitation—Mrs. G.W. Malton.

Toe Waltz—Myrtle Oliphant

Silver Bubble—Irene Nash, Edythe Braisher, Molly Laing, Molly Malton, and Annie MacDonald.

Highland Fling—Joyce and Iris Laing.

Ballroom Waltz—Molly Malton.

Song—Mrs. Laing.

A Ray of Sunshine—Marjory Leitch

Jazzonia—Irene Nash, Edythe Braisher, Molly Laing, Molly Malton and Annie MacDonald.

Toe Dance—Miss Gwen Smith.

Recitation—Joyce Laing.

Varsity Drag Tap Step—Irene Nash, Edythe Braisher, Molly Laing and G. Smith.

CHAUTAUQUA APPROACHING

The dates for the Carbon Chautauqua which have been set as June 7-8-10 and 11, are only three weeks away and a representative of the Canadian Chautauqua will arrive on Thursday to commence active campaigning. We ought to have a good season for the Chautauqua and we hope that everyone will get out and boost for this great entertainment.

Chautauqua Meeting

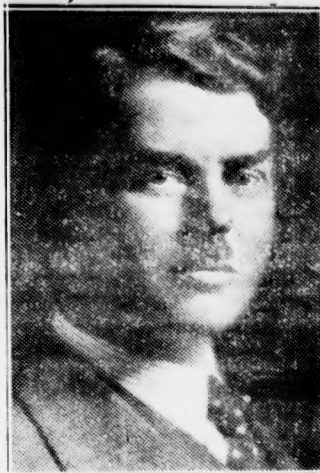

A meeting of the sponsors of the Canadian Chautauqua in Carbon will be held in the Municipal office tonight (Thursday) at 7.00 p.m. instead of the appointed hour of 8.00 p.m. This change in time was necessary on account of the Meeting of the Elks that evening. A full attendance is expected and those who do not attend will be certain to be on the working committees.

I. GUTTMAN HAVING NEW STORE

I. Guttman of the Carbon Trading Co. has purchased the building of the old White cafe, that was partly destroyed by fire some time ago, and he is having it rebuilt into a store. The new place will be considerably larger than the building now housing the Carbon Trading Co and this increased size will allow him to carry a larger stock and at the same time give better display to his merchandise.

A heavy snowfall was experienced in this district on Monday night and Tuesday morning. With the heavy rain the previous day and with the abundance of moisture in this snow the crops in the Carbon district will have every opportunity for a good start this spring. Most of the snow disappeared the following day.

The snow on Tuesday morning put the power line behind the Chronicle office out of commission and many in this part of the town were without power most of the day. Mr. Manning of Three Hills was successful in making the trip to Carbon over the almost impassable roads and soon had the trouble repaired. He reported that a number of cars were stuck in mud holes along the road.

MR. WM. McDONNELL

The Bank of Montreal announces the appointment of Mr. Wm. McDonnell as Superintendent of Alberta Branches, with headquarters at Calgary, to succeed Mr. C. W. Chesterton, who has been appointed Superintendent of Branches in British Columbia. Mr. McDonnell, who was born and educated at Peterboro, Ontario, entered the service of the Bank at Moncton in 1899, and after experience at other branches in Eastern Canada was transferred to Winnipeg in 1906. A few years later he became Accountant at Moose Jaw, and after holding a similar position at Port Arthur returned as Manager to Moose Jaw. In 1912, from 1917 to 1923 he was Assistant Manager in Winnipeg and in the latter year was promoted to the position of Inspector of Branches in the Western Division, in which capacity he was in intimate touch with business activities throughout the three prairie provinces. For the past four years Mr. McDonnell has held the position of Assistant District Superintendent of Ontario Branches.

Don't forget to see Charlie Chaplin in "The Circus" on Friday and Saturday evenings at the Carbon Theatre.

LITTLE ITEMS OF LOCAL INTEREST

Miss Vera Poxon was visiting with her mother here over the week end.

Miss Belle Smith and Mrs. S. N. Wright left for Edmonton the first of the week to be in attendance at the graduation exercises of the University of Alberta.

Bruce Ramsay has purchased a new Chevrolet Sedan through the local dealer, S. J. Garrett.

I. Guttman was a Trochu visitor on Sunday.

Carbon Boarding House is now open with a clean and newly decorated dining room. The best of home cooked meals. Dance supper catered to, open all Saturday evening. Phone 53.

R. J. Fairbairn returned Saturday from a month's visit with friends in Manitoba.

Mrs. Dixon has had her house on the island painted.

Geo. Zeigler's house was burned to the ground at his farm South East of Carbon on Sunday afternoon.

The ladies of the Catholic Women's League will hold a tea and sale of home cooking in the Farmer's Exchange hall on Saturday, May 25th, from 3 to 6 p.m. Everybody Welcome.

The Misses Daphne Nash and Adeline Stephens came out from Calgary Thursday evening and visited with Mr. and Mrs. C. H. Nash over the week end.

Word was received on Saturday that Mr. Albert James Wright had successfully passed his final year in Medicine at the University of Alberta. Mr. Wright is the son of Mr. and Mrs. S. N. Wright of Carbon.

The Power Of Small Things

The following item was recently printed in a large number of newspapers:

"Forty-five years ago there was a strike in an Ohio coal mine. A group of enraged miners took a car of coal, set it afire, and pushed it down into the mine. That fire is still burning under ground, spreading many miles, destroying valuable coal deposits and rendering hundreds of acres of surface ground sterile. Today it threatens to destroy a school building and some homes in a village. Burning beneath them it is undermining the ground and may cause them to collapse. The fire that a moment's anger started 45 years ago certainly turned out to be a bigger thing than the men who started it ever imagined."

There is a moral to this incident which might well be heeded, for, after all, it is but an illustration, a spectacular one, it is true, of almost every day happenings. The moral is that a small act may have far-reaching consequences, either for good or for evil.

A cow kicked over a lamp in a barn in Chicago, and the Great Chicago Fire resulted.

A frenzied student assassinated an Austrian Grand Duke and his wife, and the Great War was the immediate outcome with its sacrifice of ten millions of lives and hundreds of billions of dollars in property and other losses.

An employee is dismissed in anger, and perhaps unjustly, and a nationwide strike follows bringing suffering and ruin in its wake.

A careless workman, or a dishonest contractor, neglects to put a sufficient quantity of cement in the foundations of a building or in the piers for a bridge, or the retaining wall of a dam, and disaster follows taking heavy toll in human lives.

A rotten timber is used in building a ship, and the vessel sinks; a faulty rail is laid in a track, and a train is wrecked; a careless camper neglects to put his fire, and a terrible conflagration wipes out a forest.

And how often has a hasty word, an insulting remark, led to family and business estrangements with dire results to all concerned.

How often, too, has the peace and friendliness of an entire community been destroyed because of the whispered scandal, the unguarded reflection upon the honor and integrity of another, the prejudiced utterance casting aspersions upon those of different races or religious beliefs.

All little things in comparison to their terrible effects and disastrous results!

Fortunately, for the human family, the reverse is also true.

We still recall our childhood's interest in the story of the little Dutch boy who by sticking his finger in the small hole in a dam saved his country from inundation. We delight in the personal histories of great men and women who were started on their careers by the kindly, encouraging word of some friend.

We know, too, by personal observation that the mighty oak is born of the humble acorn; that it was in a single kernel of wheat the hundreds of millions of bushels of Marquis wheat annually harvested in Western Canada had their origin.

If we would but remember and give heed to the fact that, just as a pebble thrown into the water causes ever widening circles of little waves to sweep its surface until finally they lose themselves upon the shore, so does every word and act of ours create little circles of influence radiating out into our homes, our offices, our communities and the world at large, and, for good or ill, affecting the lives and future of others and of our country, then, perchance, we would be more careful, more considerate, a little less hasty and impatient of others, and more inclined to extend that degree of sympathy and tolerance to others which we naturally expect will be displayed towards us.

Satisfied Money Was Safe

A man deposited \$10,000 in a bank. A few weeks later he approached the teller and demanded his money. He was asked if he did not want to leave a small balance. "No," he persisted, "I want my money." So the teller counted out \$10,000. By this time a line of people had collected, each one waiting his turn. The man counted the bills very carefully and handed them to the teller.

"Here," he said, "put it back. I only wanted to see if it was all there."

Nation-Wide Fame.—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Eclectic Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

A town is made beautiful by each one doing his share in fixing up his own property. It's a case of "You in your small corner and I in mine."

Simple Precautions Against FLU Sore Throat — — The Danger Signal

Health Authorities Point Out The Necessity Of Treating The Simple Cold At Its Beginning

Nearly every case of "Flu" starts with a simple cold. At first the throat is sore—often just a little hoarse—soon the infection goes lower—then the chest is affected. A safe plan is to gargle the throat three times daily with "Nerviline"—this will keep the throat free from germs. If there is any sign of tightness in the chest, rub on Nerviline—every drop will penetrate deeply—congestion will be relieved—the cold will break up quickly. Many a dangerous case of "Flu" can be avoided by this simple home treatment.

Of course it is always wise to take some relaxing medicine, and for this purpose immediate results will be secured from Dr. Hamilton's Pills—they purge the system of impurities and carry off a lot of disease—breeding wastes.

This combination treatment of Nerviline and Dr. Hamilton's Pills is very effective for Grippe, Influenza, Bad Colds, etc., and can be relied upon to give very satisfactory results.

The World's Air Centre

British Ports Will Be Headquarters In Next Decade Is Prediction

Only a decade or two hence and airplanes and airships may be leaving British ports for all quarters of the Empire and of the world as regularly as steamers do now. From coach to railway, from sailing ship, to the steam and oil-driven leviathans of today, from the horse to the car, from the balloon to the airplane the great job of annihilating time and space goes on. And at each new step, in each successive phase, British inventiveness, British engineering, and British pluck are to the fore. In the air as on the waters, Nature has marked us down as the centre of the world.—London Daily Express.

A QUICK WAY TO END BABY'S UPSET SPELLS

"Like other young mothers, I worried every time Baby cried," says a Syracuse, N.Y., woman. "Several times when she was upset or constipated, I tried castor oil but she couldn't retain it. Our doctor told me to try Fletcher's Castoria because it is harmless and babies like it. That ended my worries and I've used it since for all my children." Castoria never fails to delight mothers by the quick way it ends those upsets of babies and children, such as colic, constipation, colds, etc. That's the reason for its tremendous sale and popularity. Like all good things, it's imitated, but genuine Castoria—the purely-vegetable product—always bears the Fletcher signature.

California is likely to become the first horseless state in the United States, for horses are rarely used there now except in isolated regions.

WOMEN WHO SUFFER

Anaemia Responsible For Most Of the Ills Of Girls and Women

Medical science shows that most of the ills that afflict growing girls and women are due to the fact that the blood is either poor in quality or deficient in quantity. This anaemia is the cause of low spirits, languidness, the poor appetite, breathlessness, and the aching backs that make life a burden for so many women. There is no need for any woman to suffer in this way, for all the miseries of anaemia can be quickly banished by taking Dr. Williams' Pink Pills. It is an established fact that these pills create an abundance of new rich blood—their wonderful reputation is based on that.

Thousands of formerly weak and ailing women have cheerfully testified to the fact that they owe their restoration to good health to Dr. Williams' Pink Pills. One of these is Mrs. Napoleon Gallant, Tignish, P. E. I., who says: "I am among those who can strongly recommend Dr. Williams' Pink Pills. Before I began using them I was in an extremely nervous condition. I could not sleep, neither could I eat, and was constantly growing weaker. I got medicine from a doctor, but it did not seem to meet my condition, and then, on the recommendation of a friend, I began to take Dr. Williams' Pink Pills. By the time I had taken a couple of boxes there was no doubt they were helping me. I continued their use until I had taken six or seven boxes when I was again in the best of health. I always keep Dr. Williams' Pink Pills in the house, and if any member of the family feels run-down the pills soon put them in good condition."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old-time energy. You can get these pills through any medicine dealer or by mail, postpaid, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Asked what he understood by "foreign entanglements," a school-boy replied, "Spaghetti."

Minard's Liniment—good for tired feet.

A railway station in Oodnadatta, Australia, has only one train in two weeks.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

Great works are performed not by strength, but by perseverance.

Neuralgia succumbs to Minard's Liniment.

The typewriter is credited to C. L. Sholes, printer editor.

Local Option In India

Voters In Town Of Taran Went "Dry" To a Man

An astonishing thing has happened in the Punjab. Citizens of the town of Taran have lately secured from the Provincial Government the privilege of holding a local option election as to whether liquor shops in the town should continue to operate. Over fifteen hundred voters went to the polls and voted "dry" to a man. This is probably the most decisive local option vote yet recorded in any country. The nearest approach to it possibly occurred in Kentucky some twenty years ago when about the same number of votes were cast, and all were "dry" except those of the two liquor dealers and their relatives—seven-teen in all.

Minard's Liniment relieves pain.

For five cents a tourist can ride for hours around the city of Berlin. A system of transfer makes it possible to change at will from street car, auto bus or subway without paying extra fare.

Scientists predict a toeless race. The borer is apparently not the only pest threatening the corn crop.

"A GREAT TONIC," SAYS MRS. RUSSELL

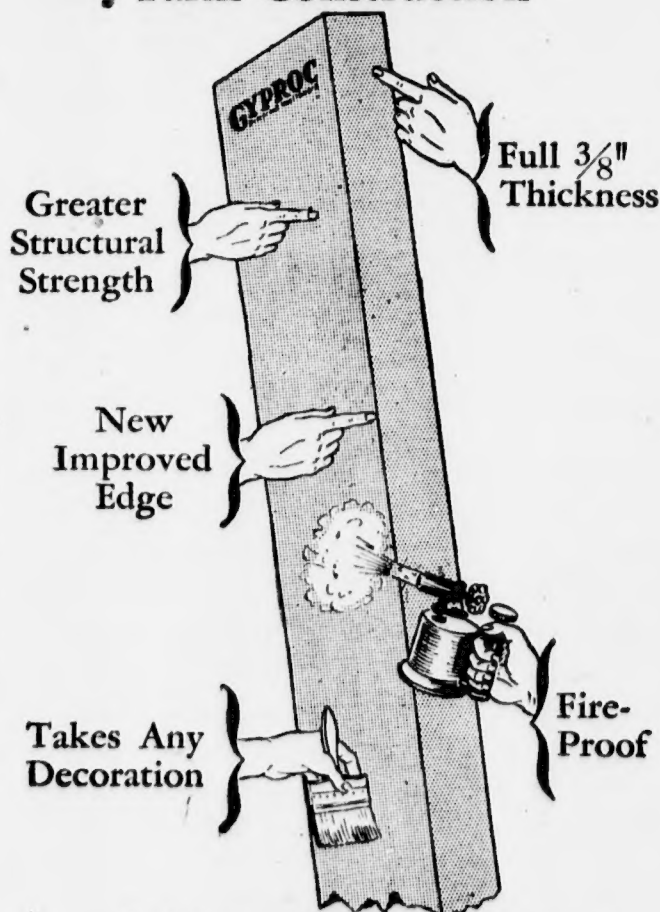

After Taking Lydia E. Pinkham's Vegetable Compound

Fenwick, Ont.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life for nervous feelings, loss of appetite and to gain strength. It is a great tonic and I have taken a dozen bottles of it. It was recommended to me by a friend and now I recommend it to all women for such troubles as come at this time."

—Mrs. W. V. RUSSELL, R. R. No. 5, Fenwick, Ontario.

All These Advantages For Farm Construction

For both old and new construction Gyproc gives more advantages than any other material. Makes durable, permanent walls and ceilings in less time and at less cost. Cannot warp, crack, shrink or burn, and is ideal for lining houses, garages, poultry houses, barns, grain bins and all other farm buildings.

Fireproof Wallboard

SAY POOL WILL NOT SELL GRAIN AT A SACRIFICE

Winnipeg.—If western wheat pools are blamed for the grain blockade at Port Colborne and Montreal, they are not concerned at the situation in which they are found. But they refuse to be made the "goats," according to Pool officials' statements in answer to Montreal allegations.

"We could mitigate the situation if we wanted to sell our grain at a sacrifice," commented a senior official, "but we refuse to make our farmers pay for a situation that is not our fault. Don't misunderstand. We are selling a certain amount—we are not refusing sales."

"The world surplus is not of our making. There is an enormous amount of grain in the world, and the buying is not exactly brisk. If we wanted to take sacrifice prices we could move the stuff, but we don't intend to penalize our farmers by doing it."

"Why should we relieve the congestion for everybody's benefit but our own? Montreal officials can blame whom they like—we refuse to be the 'goats.'"

Saskatoon.—A report from Montreal which blames organizations of Western farmers for grain congestion in the port of Montreal and which suggests that Western agrarians should accept a lower price is taken exception to here by George H. Williams, president of the United Farmers of Canada, Saskatchewan section.

"The report published by the Montreal Star," he says, "purporting to come from an official of the Montreal harbor commission, can hardly be regarded as a very fair statement."

Mr. Williams' statement continues: "The article finds fault with western farm organizations because they, through the agency of the western pools, are endeavoring to hold the price of wheat up to a level where it will pay the cost of production."

"The report indicates that the official of the harbor commission makes it very clear that the profits of the harbor commission are being interfered with, and we note the solution is to lower the price of wheat."

"This has always been the solution of commercial organizations handling the farmers' produce, simply to pass on to the farmer any misfortune that may come up and safeguard the profits of the handling company. To cover up this demand they suggest that a drop of even a cent would relieve the situation."

"If this is so, how is it that a drop of nine cents in the open market does not relieve the situation? Can it possibly be that all the real wheat is in the hands of the pools, who are holding it for a sensible price, and that all the howling is about a lot of paper wheat in the hands of speculators, which does not exist in real bushels at all?"

"Somebody ought to explain it!"

"Possibly 100 per cent. control of all the wheat by the pools might not be such a bad idea after all. Apparently its direct result would be to cut out a lot of market camouflage and let us know just where we really are."

Riots Cause Controversy

Part Played By Police In Berlin Riots Is Criticized

Berlin, Germany.—Bitter controversies continue in the Berlin press and among the public as to the part played by the police in suppressing the Communist riots which broke out on May day. Postmortem examinations of twenty-four victims of the riot are said to have revealed that 17 had been killed by police bullets.

The official inquiry has been unable to establish that a single shot had been fired by a civilian against the police. Only one policeman of the 40-odd injured had received a bullet wound and that wound he had accidentally inflicted upon himself.

One hundred and fifty shopkeepers of the Wedding district, where rioting was said to have been very severe, declared that the streets were quite safe from Communist excesses and that a simple police patrol would have sufficed.

Meanwhile, 45 persons of 117 arrested had been sentenced to short terms of imprisonment for breaking the peace. The rest were released for want of evidence.

Cannot Attend Function

Alberta Women Unable To Accept Invitation From England

Edmonton.—None of the five Alberta women who were expected to visit England on June 17, when the Privy Council is to hear their appeal from the decision of the Supreme Court of Canada, which decision declared that they are not "persons" within the meaning of their national charter, the British North America Act, will be able to attend a great public function to be held in their honor in London.

The invitation, which also carried with it an offer of assistance, has been tendered by a group of women in Great Britain, including members of the imperial parliamentary and other notables who have achieved distinction in politics, business, the professions, literature, education and social endeavor.

The Alberta appellants are Mrs. Henrietta Edwards, Mrs. Nellie McClung, Mrs. Louise McKenney, Hon. Irene Paribby, and Magistrate Emily Murphy.

Alaskan Survey Planned

Washington, D.C.—Inventory of the vast resources in timber and hydro-electric power that lie hidden beyond inaccessible mountain ranges in southeastern Alaska is to be taken this summer by navy aviators. Flying photographers with multiple lens cameras will unfold the secrets of hidden lakes and inaccessible forests like a magic carpet beneath them.

Frown On Practice

Toronto.—A warning to patent medicine companies against the practice of having sample pills and patent medicines thrown at the doors of householders for advertising purposes was issued today by Hon. W. H. Price, attorney-general. He ordered an inquiry into the death of Audrey Gimmer, Kitchener girl, who died after eating pills that had been left at her door.

Ice Breaks Up On Yukon

Dawson.—The ice in the Yukon river in front of Dawson hotel moved out on May 7, heralding the advent of spring and summer. First prize in the guessing contest on the movement of the ice was divided between Thos. Leech, of Dawson, and Kennedy and Grace Stewart, of Anchorage, Alaska. The approximate amount of the prize was \$7,200.

Opium Seizure At Coast

Vancouver.—A seizure of opium valued at more than \$7,000 was made on the R.M.S. Empress of France by officers of the customs preventive service, according to a report from that office. The seizure consisted of 83 tins and was hidden near the ship's funnels. No arrests were made.

Many Russians Drown

Smolensk, Russia.—Many persons were drowned when a wooden dam collapsed while it was crowded with spectators watching the ice flows during a spectacular rise of the river Dnieper. The river was many feet above normal, causing a serious flood.

SPOKESMAN FOR GERMANY

Dr. Hjalmar Schacht, president of the Reichsbank, and spokesman of the reparations conference in Paris.

Should Not Be Disfranchised

Committee Thinks Persons Receiving Charitable Aid Entitled To Vote

Ottawa.—The parliamentary committee on privileges and elections has decided to recommend a change in the Elections Act so that persons receiving charitable assistance would be allowed to vote. The act as it stands prevents persons receiving such assistance either by direct gifts or by living in a charitable institution, from voting.

The committee felt that with so many and varied forms of assistance now being extended to persons in unfortunate circumstances it would be too far reaching to disfranchise them all and it would be almost impossible to differentiate.

The committee refused to agree to the suggestion that the clause preventing judges from voting be eliminated. The general opinion seemed to be that the judges did not want the law changed, they did not wish to be placed in the position of either supporting or opposing the government by casting their ballots.

L. J. Ladner, Conservative, Vancouver South, argued it was absurd to disfranchise the judges. He considered it was an insult to the judges.

Marooned Trains Released

Were Held Up During Ten-Day Blizzard In Northern Manitoba

Winnipeg.—Freed from northern snows by a let up in low temperatures, two Canadian National Railway work trains were able to proceed on the way to Churchill, the prairie outlet on Hudson Bay. Both trains had been held up during a ten-day blizzard that had swirled down from the northland almost to The Pas.

After days of almost unavailing effort the snow plows succeeded in battling through the trains, on one of which were 160 men en route to Churchill for the department of railways and canals.

A BROWN STUDY

Brown is a more restful and tasteful color, the car designers and interior decorators of the Canadian Pacific Railway have decided, so this will be the predominant note in the sumptuous new sleepers just built by the company's Angus shops at Montreal especially for service on the Trans-Canada Limited. The carpets and curtains will be a rich brown, and the wood finish a lustrous walnut. Permanent headboards, too, will give added privacy, dividing each section from its neighbour cubicle fashion. The feature of the rear end equipment on the Trans-Canada will be a Solarium-lounge car, with green-tiled bath-rooms, vita-glazed sun rooms and smoking rooms for women as for men.

Suspect Grain Mixing

Think United States Soft Wheat Is Mixed With Hard Wheat Of Canada

Vancouver.—Possibility that some United States soft wheat is brought to this port and mixed with Canadian grain, is interesting the Saskatchewan Royal Grain Commission just now. Evidence has been produced that at least one such vessel from Seattle was in port, this spring, with a part cargo of soft wheat, and loaded the balance of the ship with Canadian grain. The port warden was before the commission, to explain just what safeguards there are to prevent anything of this sort. His evidence was clear on the point, that in such an event, no government certificate would be issued to cover such a mixed cargo, but that there was nothing to prevent mixing after the Canadian grain had been inspected into the vessel. In such an event, however, the Canadian certificate could not be construed as certifying to such a mixture, though overseas buyers might be deceived as to just what kind of cargo they were buying. It was pointed out that ships en route to the Orient from Seattle, frequently come in here for grain, and many of them have soft American grain aboard. There is a mixture made in Oriental ports of 35 per cent. Canadian hard wheat, and the balance soft, from the United States, but this is not covered by a Canadian certificate.

Plans Flight To Sweden

Second Attempt Will Be Made By U.S. Aviator

Chicago.—Another flight to Sweden from the Middle West is being planned by Bert Hassell, Rockford, Ill., aviator.

Hassell, who piloted the "Greater Rockford" on its projected Rockford-Sweden flight last summer and was forced down in the snow fields of Greenland, declared his next flight would be over a route with nine refuelling points.

Hassell predicted that within five years aeroplanes with "pay loads" will fly regularly between Copenhagen and Chicago. The route from the Middle West northeastward through Canada to Iceland and Greenland, thence to the European mainland, is the safest possible to Europe, he said, with its longest stretch over water being only six hundred miles.

Oratory Finals

Toronto, Ont.—The Dominion oratory finals will be staged here on May 22, it was announced. Several provincial champions will strive for the right to be Canada's representative at the international oratory championship in Washington, on October 26.

Adopt Grade Crossing Bill

Ottawa.—Third reading was given in the Senate of the bill amending the Railway Act which provides for the expenditure of \$200,000 a year to eliminate grade crossings.

AMENDMENTS TO ELECTION ACT TO BE FORTHCOMING

Ottawa.—Candidates should be allowed to hire automobiles or other conveyances to carry voters to the polls on election day, it was decided by the special committee of the House of Commons reviewing the Dominion Elections Act, Sec. 11, which makes the practice an offence is to be deleted. There are at present one-third too many polling subdivisions throughout the country. Colonel O. M. Biggar, former chief electoral officer stated. Approximately \$150,000 would be saved in each election by a revision of subdivision boundaries. Sec. 28 is to be amended to meet the difficulty.

Sec. 27 is to be amended so that an election officer guilty of a wilful act or omission shall be subject to a fine of from \$200 to \$500, and one half the fine is to go to the informer.

A new section, "3-A," was added, providing that election notices or documents may be fastened to posts or wooden structures despite any municipal bylaw.

Sec. 4 was amended so that although hand bills or otherwise must bear the name of the printer, the candidate cannot be unseated if they do not. It was explained that the section is to prevent anonymous material being circulated.

Farmers and labor organizations may hereafter contribute to election expenses as a result of removing Sec. 9. The action provided that no association could furnish money unless it was specially formed for election purposes. The chairman, C. G. Power, Liberal, Quebec South, said that the section operated unfairly in the case of farmers and labor organizations.

Must Watch His Colors

Party Workers In England Must Be Wide Awake

London.—The party worker who skips lightly from constituency to constituency during the general election campaign will have to keep a sharp eye for his colors. For by a curious practice in British elections, no party has national colors accepted in every constituency. Sometimes the colors in one constituency are completely reversed in another. Occasionally it is a bit awkward for the party enthusiast who wanders far afield.

Phonograph Records Of Speeches

London.—Phonograph records of speeches of 15 leading politicians, including leaders of the three main parties, are being distributed for use in rural areas in the present campaign. The records will probably prove of great value, apart from their immediate use, as interesting examples of personal styles of oratory.

New York Doctor Loses Radium

New York, N.Y.—Somewhere in New York, \$25,000 worth of radium is smoldering slowly through its tiny containers and threatening burns to anyone who touches it. It was lost by Dr. J. J. Eller, a skin specialist, who believes he left it in a taxi-cab.

Dry mouth and parched throat are grateful for the refreshing coolness of Wrigley's Spearmint.

Wrigley's whitens teeth, sweetens the mouth, clears the throat and aids digestion, while the act of chewing calms and soothes the nerves.

SUNDAY SHOOTING

There has been some agitation by
various game Associations throughout
the Province of Alberta for an amend-
ment to the Game Act, making it law-
ful to shoot on Sunday, the same as
on any other day of the week. We
feel that now is the time to put this
proposition for the amendment of the
Game Act before the Provincial Ca-
binet, so that if it meets with their
approval a change can be made effec-
tive this fall, when most of the shoot-
ing during the year is done. But such
a bill will not meet with the approval
of the provincial Legislature if it is
not strongly supported throughout the

Province. Every Game Association
in Alberta should forward a petition
to their district member and to the
Provincial Government if they are in
favor of such an amendment to pro-
vide Sunday shooting, so that a whole
hearted support may be had. If the
majority of the people are in favor of
such an amendment little difficulty
should be experienced in getting the
bill passed. And why should we not
be in favor of such a bill? We do not
regard baseball, tennis, golf or any
other such sport as breaking the Sab-
bath and one sport should not receive
preference to another. Sunday is
about the only day that most sports-
men can find time to follow their fa-
vorite pastime and should an amend-
ment be made to the Game Act pro-
viding Sunday Shooting in Alberta the
Provincial treasury would experience
a huge increase in monies derived
from the sale of game licenses to those
who would hunt providing they could
do so on the one day that they had
free and to spend as they choose.

EDITOR GREER DRIVES 'ER HOME

The Leaser has sworn off. Not on
good "flicker" or beer, but cheap boost-
ing. In most civilized communities
when a ten-dollar write-up of an en-
tertainment is expected the usual
courtesies are extended. Not here.
They advertise their entertainments
on a bulletin board, charge the editor
the usual entrance fee and expect a
write-up worth \$5 of \$10 and charge
it to providence. Another is "floral
tributes" to the dear departed. We
have published a list of half a column
long for "departed" who never sub-
scribed for a paper, but swiped their
reading matter at the hotel. "News
more!"—New Denver Leaser.

TO BUILD MATCH FACTORY AT RED DEER

Opening of a factory at Red Deer

has been decided on by the Eddy
Match Company, according to definite
word received by Mayor Snell of that
City on Friday. It is planned to se-
cure some forty acres fronting on the
Red Deer river as a site for the plant
in which approximately 100 people
will be employed in manufacturing
the company's products for distribu-
tion throughout the prairie provinces.

The Gateway of C. P. R. Connections to New York

At the heart of New York, at 42nd Street is the New York Central Station where Canadian Pacific trains from Montreal and Toronto arrive and depart. The above is a photo of the New York Central building which is a part of the station building and is one of the outstanding buildings in a city of wonderful buildings. Standing almost forty stories high at the head of Park Avenue, it rises well above the high buildings surrounding. It is of gold relieved by brilliant reds and greens and when lit by a battery of flood-lights at night it is one of the beauties of New York and can be seen for many miles around.

FRIGIDAIRE
PRODUCT OF GENERAL MOTORS

A MINISTER'S WOES

"Perhaps because it is so universal, criticism of the man of the cloth is more amusing than harmful," writes "One of the Cloth," in the "Aberdeen Press."

"From my experience, I have summed up the situation as follows:

"If a minister is not married, he ought to be; if he is married and has two or three of a family, how can he be expected to look after his job? If he spends his time in his study, people say he ought to visit more; if he visits and is interested in organization, they say he ought to spend more time in his study. If his sermons are careful and learned, they are too heavy; if they are topical and interesting, there is nothing in them. If a minister is correct in his conduct, he is too stiff; if he unbends and is human, he is lacking in dignity.

"So, not being able to keep up the standard set him, the poor man chuckles to himself and goes his own way."

FIRST FORTNIGHTLY CROP REPORT HAS BEEN ISSUED

Approximately seventy-five per cent of the wheat crop in the province has been seeded and steady progress is being made with the seeding of coarse grains, according to telegraphic reports received on Friday by the Department of Agriculture. A peculiar situation exists, as in the part of the province where moisture has been most abundant, spring work has in consequence been retarded to the greatest extent. A number of central and northern sections report that wheat seeding has been completed, while as a result of intermittent rains and falls of snow over the southern part of the province, not more than thirty or forty per cent of the wheat

has been sown in some localities.

Moisture conditions are reported to be generally satisfactory, particularly in the south where the effects of the open fall and the light snowfall of the past winter has been largely offset by the recent precipitation. In some northern districts winds have been more than unusually prevalent and while the soil moisture is sufficient to promote germination, further rains will be required at an early date if rapid growth is to be expected.

An increase of from five to ten per cent in the wheat acreage of the province is anticipated, as compared with last year. This gain will be especially noticeable in central and northern sections, where a large amount of new land was cleared and broken in 1928 in readiness for the present year's crop. Very little difference is expected in the acreage seeded to coarse grains, except in areas where seeding of wheat has been unduly delayed.

The seeding of wheat in the Carbon district has been practically completed and many fields are beginning to look green with the spring growth.

The Alberta coal publicity office in Toronto will be continued during the coming season as part of the program to popularize the Alberta fuel on the Eastern market. A grant of \$5,000 to assist in this work was authorized at the last session of the Legislature and the majority of this sum will be used in carrying out an extensive program of advertising through the Eastern provinces.

NEW POOL ELEVATORS

Between March 22nd and May 6th this year the Alberta Wheat Pool has purchased 22 local elevators and has 41 new elevators under construction. The new elevators being built are 35,000 and 40,000 bushels capacity, and

the majority of those purchased are 30,000 bushels capacity. The addition of these houses brings the total elevators owned by the Alberta Pool to 381.

Elevators have been purchased at the following points: Acheson, Bardo, Bassano, Boyle, Cavendish, Chigwell, Coutts, Haynes, Hazeldine, Lacombe, Lousana, Midnapore, Oberline, Orion, Sabine, Spring Coulee, Spruce Grove, Stobart, Warspite, Whitelaw, Whiffa, Villeneuve.

Elevators are being built at the following points: Alix, Athabasca, Balzac, Barnwell, Bennett, Bittern Lake, Brooks, Broxburn, Buoyant, Clarendon, Coalhurst, Colinton, Conrich, Cowley, Charbonneau, Delacour, Diamond City, Dimdale, Dinant, Graincor, Grantham, Hay Lakes, Indus, Langley, Lea Hurst, Lyalta, Mirror, Morinville, Nevis, Pearce, Pibroch, Raley, River Bend, Rosebud, Rosemary St. Albert, Strangmuir, Two Hills, Waskatenau, Weiss, Vimy.

Lord Revelstoke, who died recently in Paris, where he was attending the meeting of the reparations conference, left half a million dollars to King Edward's Hospital fund for London.

The Nationalist government state council announced that henceforth decapitation as a method of execution in China would be prohibited. Decapitation had been discarded by previous regimes but it was still used by the police and military authorities for executing bandits and robbers. Its complete abolition has now been ordered.

Cutting Corns With Razor Leads To Lock-Jaw

Don't cut corns with an old razor blade. Infection, followed often by death may result from paring corns with an infected razor. Quick, safe relief comes from using PUTNAM'S CORN EXTRACTOR. If afflicted with corns, callouses or sore foot-lumps, use "PUTNAM'S"—it's reliable, and sure to shrivel up the corns so they drop right off. No pain, no soreness, but quick relief from sore corns comes to all who use PUTNAM'S PAINLESS CORN EXTRACTOR. 25c. at all dealers.

People expect too much of a boy who is at the growing age. When he has done his eating and his growing he has put in a pretty full day.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother Graves' Worm Exterminator.

British piano manufacturers have captured both the American and New Zealand markets from their American rivals.

Cuticura Soap

WORLD-FAMOUS FOR DAILY TOILET USE

THE every-day use of Cuticura Soap, assisted by occasional applications of Cuticura Ointment, when required, is your best insurance against skin troubles. They not only cleanse and purify, but also enhance and preserve the natural qualities of the skin and hair.

Soap 25c. Ointment 25c. and 50c. Talcum 25c. Sold everywhere. Sample each free. Address Canadian Depot: J. T. Watt Company, Ltd., Montreal.

Indigestion

PHILLIPS' MILK OF MAGNESIA

For Troubles due to Acid INDIGESTION ACID STOMACH HEARTBURN HEADACHE GASES NAUSEA

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise. The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Canadian Legion

Dominion Convention To Be Held In Regina In November Of This Year

The Dominion Convention of the Canadian Legion B.E.S.L., will be held in Regina on November 25th 1929.

To those ex-service men who are not members of the Legion, the present is an opportune time to become identified with the organization that has done much to promote the welfare of returned men, their widows and dependents.

The work of the Legion is not diminishing as the years go by, but rather is growing. The membership likewise is increasing and particularly so in Saskatchewan since the Provincial Convention, but in the province there are still a number of men who are eligible to join, and who have not as yet identified themselves with the organization, possibly due to lack of opportunity to do so.

With the increase of branches throughout the province, there is now local representation in practically every district, and the provincial secretary, Canadian Legion, Regina, will be pleased to advise anyone, on request, of the nearest local branch.

Unity among returned men was accomplished when the Canadian Legion came into being some years ago. All that remains is to complete the membership and make the organization even more representative than it is today.

On its record of achievement alone, the Legion deserves the support of all ex-service men, and it is hoped that the next few months will see every eligible man in Saskatchewan enrolled. The dues are nominal, but the presence of every returned man in the ranks of the Legion will be of the utmost value in furthering the aims and objects of the organization, and in promoting that comradeship which is one of its biggest assets.

Minard's Liniment for cuts and bruises.

New York City claims a population equal to that of the states of Montana, Nevada, Utah, Idaho, Colorado, Arizona, New Mexico, Wyoming, North Dakota and South Dakota combined.

Asthma Doesn't Wear Off Alone. Do not make the mistake of waiting for asthma to wear away by itself. While you are waiting the disease is surely gathering a stronger foothold and you live in danger of stronger and yet stronger attacks. Dr. J. D. Kellogg's Asthma Remedy taken early, will prevent incipient condition from becoming chronic and saves hours of awful suffering.

"Why couldn't they get on together?" "Well, you see, he's a Scot and she would persist in washing out his shaving brush every morning."

Headache

Relieved without "dosing." Rub on

VICKS VAPORUB

OVER 21 MILLION JARS USED YEARLY

Baby's restless nights might be avoided

Scalded skin and other skin troubles are common causes of restlessness, and often could be avoided by careful bathing with Baby's Own Soap.

Its fragrant lather cleanses and heals Baby's skin, and prepares for restful sleep.

"Best for you and Baby too" 22-23

When intensely angry and searching for a fitting word to express yourself, say "Roosevelt," which, we are reliably informed, is the biggest dam known.

Useful In Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

A dentist is the only person who can tell a woman to open and shut her mouth at will and get away with it.

NO MEDICINE LIKE BABY'S OWN TABLETS

Once a Mother Has Used Them She Will Use Nothing Else

To once use Baby's Own Tablets is to use them continually—that is as long as there are young children in the home. That is the testimony given us by mothers from all parts of Canada. They all say that they know of nothing to equal the Tablets, that they find them safe and efficient and at the same time pleasant to take.

Mrs. John Hollinworth, Maidstone, Ont., writes:—"I have three children, the eldest fourteen and the youngest nine months old. I have always used Baby's Own Tablets for them and have found no other medicine to equal the Tablets as a relief for the many ailments of childhood."

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach. They drive out constipation and indigestion, break up colds and simple fevers and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SUNDAY SCHOOL LESSON

MAY 19

JEREMIAH CALLS TO OBEDIENCE

Golden Text: "Hearken unto My voice, and I will be your God, and ye shall be My people."—Jeremiah 7. 23.

Lesson: Jeremiah 7.1-26. Devotional Reading: Psalm 96. 7-13.

Explanations and Comments

Outward Ritual Is Not Religion, verses 1-4.—Jeremiah felt impelled to stand at the gate of the temple and warn the people. To all who entered in at these gates to worship in the temple, Jeremiah cried: "Thus saith Jehovah of hosts, the God of Israel, amend your ways and your doings (a favorite expression with Jeremiah), and I will cause you to dwell in this place, you need not fear being carried off into exile. Trust not in the lying words of false prophets who declare unto you that God will never permit this holy temple to be destroyed." The threefold repetition of the words "the temple of Jehovah" suggests the energy of iteration that belongs only to Eastern fanatics, Dean Stanley observes. Recall the repeated cries of the fanatics in the theatre at Ephesus, "Great is Diana of the Ephesians" (Acts 19.)

"Is it not thus that the children of godly parents presume on the results of ancestral piety? Is it not thus that evil-living men will risk the consequences of sin, because they are prepared to make liberal gifts to religion? The drink-seller, the opium-smuggler, the slave-impostor, have all, in one form or another, administered sedatives to conscience, saying: 'The temple of the Lord! The temple of the Lord!'"—F. B. Meyer.

There Must Be Obedience To the Covenant Of Old, verses 5-7.—The continued security of the people in the land of their fathers would depend upon their reforming and practicing the social virtues, Jeremiah declared,—the security of justice between a man and his neighbor, the freeing from oppression of the stranger, the fatherless and the widow, and the avoidance of the shedding of innocent blood—and also upon the avoidance of the worship of false gods. The stranger was the sojourner from away, the alien resident temporarily in Judah. He and the fatherless with the widow had no voice in the administration of affairs and could be easily oppressed.

"As the potter has power over the clay to make and to change as he pleases, so is the nation in the hands of God to do with as seems best to Him. It is not for us to try to mould the national life and purpose without God and His Son Jesus Christ, into whose hands the nations of the world have been given; it is for us to make sure first of all that our nation is right with God and that we have the spirit of submission and obedience to him. Then the vessel will come out a vessel of honor, for the hands of God will be moulding the clay on the wheel."—The Youth's Companion.

A nautical mile is 6,080 feet, or 800 feet more than a land mile.

CANADIAN AIR MAIL PLANE ESTABLISHES WORLD'S RECORD

The entire world recognizes that Canada, in proportion to her population, is making greater practical use of aircraft than any other country and the "work" records of Canadian airplanes are regarded as even more important contributions to the advancement of aviation than the endurance and other stunt achievements of other countries.

Canada's latest and most impressive practical record in air is in speedy delivery of air mail and Capt. S. Bondurant, pilot for Canadian Airways (subsidiary of International Airways of Canada, Limited), as a result of a record flight between Toronto and Montreal, now holds the world's air mail speed record.

Capt. Bondurant, flying a Fairchild "71," powered by a Pratt & Whitney Wasp engine, on March 21st, covered the 340 miles from Toronto to Montreal in just one hour and forty-four minutes, and this has now been established as the world's fastest air mail flight. Remarkable as this time is, Capt. Bondurant would have bettered it, but for fog encountered a little over 100 miles from Montreal. Up to this point he has flown 215 miles in just 60 minutes, maintaining a speed of over 3½ miles a minute. Throughout the record-breaking flight Capt. Bondurant reported perfect performance from his plane which was fueled with Imperial Aeroplane Spirits and lubricated with Imperial Marvelube Motor Oil products which have become the almost universal preference of Canadian aircraft operators who choose them for 90 out of every 100 miles flown in Canada.

CHAPTER XIX—Continued.

Connie had rehearsed this moment a thousand times. She stood quietly on the steps for a moment, then slipped gracefully to the platform, Connie herself could not have imagined how changed she was. From coiffure to dainty French heels she was dressed as if fresh from the hands of an expert Parisian costumer. So dazzling was she that she positively took Donald's breath away. It seemed to him that she had grown like a magic rose, all at once from a tiny bud to a full blossom. No fault could be found with the perfect oval of her face, or with the delicate white rose skin, from which every trace of tan had gone. The long lashes that fringed her big blue eyes had turned a shade darker than the curling waves of her abundant golden hair.

Andy, whose small form had been hidden in the rear, moved bashfully forward, fumbling the wide hat held in his hand. "Ello, Connie," he blurted, his lips parted in a wide smile of welcome.

Instantly Connie forgot her assumed dignity and became her warm, impulsive little self. With a glad cry she flung her arms about Andy's neck and kissed him.

"Strike me pink!" breathed Andy, as his hand stole up to touch the spot where Connie's lips had brushed his cheek.

Connie turned to face the lake. "Oh, Dad!" she cried in ecstasy, "isn't it good to be back here again?" She stretched her arms toward the ice-clad peaks. A gentle breeze swept down the wooded slope to fan her face as though in welcome. The blood surged beneath her smooth white skin and went singing through every vein. "Ah!" she sighed happily, as she inhaled a deep breath of air laden with the odour of pine from the hills she loved. Donald, gazing at her hungrily, saw tears brimming under her long lashes.

From the far end of the train a tall, grey-haired man assisted a slender sweet-faced woman to the ground, and then walked towards the station. As they stepped to the platform the woman's eyes rested on Donald, who stood with his back to her. Instantly she became rooted to the spot, eyes wide, one hand fluttering toward her heart. With the supreme, wondrous mother-love shining in her eyes, she held out her arms.

"Donald!" she cried passionately, "Donald!"

Donald whirled at the sound of the loved voice calling his name. His heart throbbed wildly, his throat felt constricted and his face paled under stress of strong emotion.

"Mother!"

His arms were around his mother, yearning, tender, hungry, after these long months of separation. Her face upturned to his was white and drawn, but her eyes shone with hallowed joy. He felt his hand gripped in his father's strong fingers, and saw his eyes shining with tears. John McLean patted his boy's dark head with a shaking head.

"Donnie! My boy, Donnie!"

For some time Donald was oblivious to all save the great happiness of meeting his parents. His mother's embrace almost unmanned him, and it was with difficulty that he kept back the sobs that tightened his throat.

He led his parents to the other end of the platform and introduced them to his friends.

Robert Rennie's comments were simply gasps and a reiterated, "Well! Well!"

Andy offered his usual contribution. "Strike me pink!" he said.

Connie's eyes were filled with soft eagerness as she greeted Donald's mother. The glow in Donald's face as he spoke to Connie was poignantly significant of his deep love for her. But Connie, to his consternation and dismay, met his ardent glances with a look of cold indifference.

Since Connie's arrival Janet's features held a look of disquietude, but she acknowledged the introduction to Donald's parents with a radiant smile.

A moment later, Connie, with skirts held high, was running down the railroad track.

"Going after her horse," smiled Wainwright in answer to Donald's question.

"Will you have dinner with us?" invited Donald.

"Yes, thank you," responded Wainwright. "We will sleep in the car to-night," he continued, "but Constance insists that we must return to the old home as soon as possible. She has been busy drawing plans for a chalet she intends building on the bluff."

Connie returned with the old trapper, the latter leading Pegasus.

At dinner Connie showed no signs of her former shyness. She was as

self-possessed, calm and perfectly poised as a goddess. A glad light filled her eyes as Gillis and his crew of "redshirts" filed into the big dining-room. She sprang to her feet and greeted them joyfully, shaking hands with each and everyone.

"I'm so glad to see you, Jack," she smiled.

The big logger took her tiny hand in his. "We're sure glad to have you with us again, Connie."

"May I bring Andy in to dine with us, Mr. McLean?" she asked as she came back to the table.

Donald nodded assent. She ran gleefully to the kitchen, and a moment later the loggers grinned broadly as she came through the door leading the protesting cook by the arm.

"Now," she said as Andy sat down, "we're all here." She looked about her and clasped her hands rapturously. "It seems as though I had been gone for years. And oh, it is so nice to be home again!" She sank to a chair between Andy and the trapper. "Do you remember, Andy, when you were dressed as a butler and danced with John at your party?" She threw back her golden head and her silvery laughter filled the room.

Janet was unhappy from the moment of Connie's arrival. She had caught the look of adoration in Don-

ald's eyes as Connie stepped to the station platform. Standing there then she had quite definitely abandoned any hope of winning him. And Janet had been so sure that once she had held a place in his heart. A great depression, a great weariness of spirit, settled upon her.

That evening, as Donald walked with his parents by the lake-shore, he turned to his father. "Dad," he said anxiously, "do you think I have made good? Will you forgive me for—"

John McLean's eyes grew suddenly misty. "Donnie," he began gently, "Mr. Rennie has told us all about you. And no man could speak more highly of another." He drew a newspaper from his pocket. "Haven't you seen this?"

It was Vancouver's morning paper with a full-page devoted to the visit of the Eastern lumbermen. There were several photographs of the Summit Mill and one of Donald. The paper spoke of him as "the able young engineer whose modern ideas and energy had given to British Columbia a logging plant and mill that were a credit to the Province."

Donald saw the proud light in his father's eyes, and his heart was filled with a great peace.

The next day carpenters and material arrived for the construction of Wainwright's new home. That afternoon Connie, clad in fashionable riding habit, came to the mill office with her foreman to place an order for lumber. Pegasus in silver-mounted bridle and English saddle was proudly restive. With neck arched he curvetted and rocked while Connie sat on his back with that complete lack of self-consciousness that is the heritage of a born horse-woman. Before leaving she rode up the hill among the toiling workers, her irresistible smile bringing an answering grin from the "redshirts," who doffed their hats and shouted a joyous greeting.

All day pack-horses and men struggled up the hill, staggering under the weight of building material. But although Donald strained his eyes for a glimpse of the golden-haired rider, he saw her no more that day.

(To Be Continued.)

NEVER wait to see if a headache will "wear off." Why suffer when there's always Aspirin? The millions of men and women who use it in increasing quantities every year prove that it does relieve such pain. The medical profession pronounces it without effect on the heart, so use it as often as it can spare you any pain. Every druggist always has genuine Aspirin tablets for the prompt relief of a headache, colds, neuralgia, lumbago, etc. Familiarize yourself with the proven directions in every package.

ASPIRIN

Aspirin is a Trademark Registered in Canada.

Egyptian papyrus 2,000 years old are in better condition today than some of the paper which went under the printing presses during the World War.

HEADACHE RELIEVED QUICKLY

CARTER'S LITTLE PILL
This Purely Vegetable Pill quickly corrects the digestive disturbances, removes the intestinal poisons, and sick headache quickly disappears. Your whole system enjoys a tonic effect, constipation vanishes, and you feel a renewed vigor. Avoid bromides and dope, they are depressing and harmful. All Druggists 25c and 75c red pkgs.

CARTER'S LITTLE PILLS

The invisible difference

Many motor oils look alike, but there is a vast difference in the way they perform. Unfortunately this difference is difficult to detect.

The invisible difference which makes one motor oil better than another must be inherent in the crude from which it is made.

There you have the reason why Marvelube gives better engine lubrication than oils refined from ordinary crudes. Imperial Oil searched the world over for a better crude—and in South America they found it. From it they make Marvelube—a pure, carbon-free, full-bodied oil that resists the extreme heats and pressures of modern engine operation.

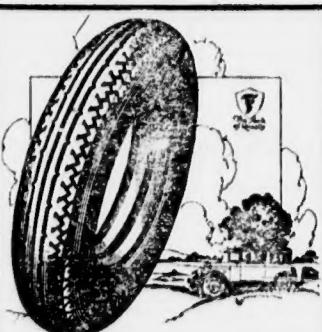

Aircraft operators prefer Marvelube because better lubrication means greater safety and longer intervals between overhauls. Motorists prefer Marvelube because it is the ideal oil for modern motors. It ensures greater power, greater flexibility and greater economy.

There is a grade of Marvelube refined to meet exactly the specifications of your car. Consult the Marvelube Chart at Imperial Oil service stations and dealers.

BASEBALL

CARBON WINS FROM ACME AND ROCKYFORD

The Carbon Junior ball team played
a return game with the Acme Juniors
at Acme last Wednesday afternoon
and a number of Carbonites took in
the game. Carbon was successful in
winning by a score of 7-2. The fol-
lowing are the line-ups:
Acme—L. McCook, M. Purvis, E.
McCook, S. Hood, C. Smith; B. Rinn;
B. Lepty, L. Rinn and J. Fraser.
Carbon—Jack Spence; E. Morfitt,
B. Ramsay, P. Wells, N. McClure, R.
Lynn, G. Ramsay, B. Galech and B.
Edwards.

Charlie Chaplin, whose newest Uni-
ted Artists comedy, "The Circus,"
is to be shown in Carbon on Friday
and Saturday of this week, recently
gave it as his opinion, based on his
own experience, that humility, kind-
liness and ability to make fun of him-
self are the chief qualities that any
aspiring comedian must possess.

CHASE ANY OF THESE TREES SEE
MR. J. A. MacDONALD.**

NOTICE

All owners and occupants of prop-
erty within the limits of the Village
of Carbon are required to have all
ashes and rubbish cleaned off their
premises on or before the 22nd of this
month. Failing to do so the Village
will clean up all premises not cleaned
and the expense of doing so will be
charged against the property.

Dated this the 13th day of May, 1929.

ALEX REID,
Secretary-Treasurer

NOTICE

**IN THE MATTER OF "The Pub-
lic Utilities Act, 1923":
AND IN THE MATTER OF an
application by James W. Baird;
Celina Conlon; Jana Grenier;
Josephat A. Grenier; Richard
Heath; the Kne Hill Coal Com-
pany, Limited and others for the
separation of certain parcels of
land from the Village of Carbon,
in accordance with the provisions
of Part VI of The Public Utilities
Act.**

The above application having come
on for hearing on Thursday, the sec-
ond day of May, 1929, and from the
facts disclosed at the hearing, it ap-
pearing that it is expedient that the
Board should formulate a general
plan dealing with lands, whether sub-
divided or not, and of any acreage
other than that comprised in the ap-
plication, and the Village of Carbon
consenting thereto:

NOTICE IS HEREBY GIVEN that
the Board of Public Utility Commis-
sioners has appointed Tuesday, the
21st day of May, A.D. 1929, at the
hour of 10.30 o'clock in the forenoon,
at its offices, 716 McLeod Building,
Edmonton, as the time and place for
hearing all or any parties interested
in regard to the formulation of such
plan.

**FOR SALE—REGISTERED AYR-
SHIRE BULL, 16 MONTHS OLD—
APPLY—JIM SMITH, CARBON**

The same ball team with the addi-
tion of L. Trepalier, journeyed to
Rockyford on Sunday afternoon to
play with the Rockyford Juniors and
the Carbon team was again victorious
and won by a score of 15-6, the game
having to be stopped the beginning of
the eighth inning on account of rain.
The Rockyford line-up was as fol-
lows: N. Dyson, P. Kehoe, J. Putas,
Leonard, S. Birt, D. Smith, C. Pom-
ero; A. Dunsmore and D. Sangster.

Who Does Your Printing?

All business houses need more or less printed matter, all of which
is within the possibilities of the local printer. Yet how prone
many are to pass up the home printer and let the orders go to
city offices which have no interest whatever in rural communities
except to get printing orders and the cash to pay for them. Busi-
ness men, remember that the home paper is constantly promot-
ing the interests of the home community and you owe it to your-
self and your local paper to back up these efforts by at least hav-
ing your printed matter done locally.

WHEN IN NEED OF PRINTED MATTER CONSULT
